

Vail School District & Schoology

Dear Vail Parent/Guardian,

If you're interested in becoming more informed about your child's learning, **Schoology can help.**

- Schoology is Vail's learning management system (LMS), bringing together all the digital elements of your child's education into one location.
- Schoology lives online, is easy to access from any internet device, and can send emails and/or text notifications directly to you with the most up to date information regarding your child's learning.

In order to provide the highest level of security of your student's personal information while also allowing you access to create and connect your Schoology account, VSD has stored your child's Schoology Access Code within PowerSchool. This means that parents will first create or sign into PowerSchool, locate the Schoology tab, and use the information found there to create and connect their Schoology account. Once a parent has completed setting up Schoology, they can sign into Schoology independently of Powerschool.

*Disclaimer - Powerschool will continue to be the gradebook of record. When checking/verifying your child's grades always refer to PowerSchool.
